**NAPOLEON SUCCESSOR** — Another great son of our Gallant Napoleon. He is a bull with great balance, a wonderful head and style of front which makes him look like a stock bull. We also like his strong hind leg and thickness of quarter. If well fitted I'm sure he would make a good account of himself as a two-year-old. He comes from our good Augusta Chrissie family that produced our first-prize senior heifer calf at 1967 Ohio state fair and our reserve champion bull of 1967 Indiana spring sale. Successor has been one of our favorites since birth. He wears his pedigree well. TB and Bangs' certified.

**SCOTTISHAIRE PANORAMA** — Justa Clipper Jane was the biggest cow I ever saw in Canada in five years of searching. A bit old in type but had the desirable qualities to improve modern cattle. The sire of Panorama bred 85 cows last year and sold on the market in very thin condition for \$412.72 weighing 1,876 pounds at six years of age. Clara Mist has produced the best heifer by the 23rd that we have on the farm today. This bull is bred to be an improver. His sire certainly made us money in four years of heavy use.

**ABERFELDY INFLUENCE** — Looks like a stock bull and has that kind of ancestry. Aberfeldy Captivator, AAA, was a senior champion at Chicago and has proved himself one of the outstanding stock bulls of the breed. Sired the 1967 Supreme Champion at Chicago, Aberfeldy Nair, retained at Aberfeldy to follow his sire. His sons have gone into some of the leading herds of the breed. Acadia Princess Stevie 2nd is one of the daughters of the great Calrossie Troubadour, all of which have bred well wherever they have gone and this one is no exception.

Acadia Napoleon 65th was junior champion of the 1962 International and has since proved to be a great breeding bull. He has sired two reserve grand champion bulls at the International, a first-place senior and junior get-of-sire there, and 10-head all sired by him, won that class in 1965. The dam by Willow Lee Benefactor 8th is one of the good cows in our herd. The 8th has sired many champions throughout the East.

Grand champion of the 1966 Kentucky National was shown by B. Hollis Hanson, Connersville, Ind. He is back this year with three strong entries including Lot 12.

**BLOOMFIELD ELDORADO x** — A great headed Polled son of the \$5,000 Louada Sultan, from our best producing family. His dam is a very breedy young cow, one of 50 half sisters in the herd by the Birmingham bred Green Meadows Embarker x. This is her second calf — her first, a heifer, is retained in the herd, and she now has her third, an outstanding bull calf at foot. For something a little different in a Polled pedigree, look this bull over. Herd certified and accredited.

**HEATHER ROBIN** — We have been overly particular in selecting a bull calf by Woodhead Tribute, which would be an outstanding bull by any breeder's standard. On October 4, 1966 when Heather Victoria 7th, who produced the heifer that was 1960 Indiana state fair 4-H champion and 1961 Indiana state fair reserve champion, dropped a big, sturdy, red bull calf, we knew this was the calf we were waiting for. Heather Robin has size, length and depth — everything that will make him a great contribution to any herd.

# JOIN THE NATION IN A KENTUCKY VACATION

Kentucky, the center of the nation's pasture belt, offers purebred dairy cattle breeders one of the most unique and effective state supported promotional events recently developed. By providing financial assistance for each of the major breeds, the Commonwealth vividly demonstrates its appreciation for the purebred cattle industry and the contribution it makes to the state and nation. Buyers and sellers of purebred dairy cattle and others who fully appreciate outstanding livestock should find it pleasing and convenient to meet in the Bluegrass State at these annual breed events. Kentucky enjoys a wide reputation as a progressive livestock state due to her rich limestone soil, the wide expanse of nutritious bluegrass pastures, skilled breeders, mild climates, and moderate rainfall. Some of the earliest advances in livestock production and marketing had their origin in this state.

HEATHER BUTTERFLY 14th — Is the product of select breeding. We took a daughter of Bilmar Corporal 11th (that produced the 1961 Indiana state fair champion bull and reserve champion heifer) and bred her to Woodhead Tribute, an imported bull that was active for Les Mathers & Son, then sold in their 1962 sale, knowing that the style, characteristics of the Corporal breeding combined with the ruggedness of Woodhead Tribute would produce a top quality animal. Heather Butterfly 14th does have both this style and ruggedness. She is bred to Heather Corporal 5th, the 1961 Indiana state fair champion and is pregnancy-tested.

**NAPOLEON MARGARET** — One of the very best heifers we have ever offered. Our daughter Jean raised her from her 4-H cow and has been very reluctant to sell her. She sold another daughter in our 1965 sale to Les Mathers. Jean was successful in showing her heifer this year when she was second in senior calf class to a half sister Napoleon Chrissie. The calves by Gallant Napoleon are heavy-muscled calves with the smoothness of modern day beef cattle. You'll note Napoleon Margaret is a heifer with these attributes. If you are looking for an outstanding senior yearling for 1968, she could be the answer. Selling open. Calfhood vaccinated. Herd TB accredited and Bang's certified.

# STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
